

### **(EN) MicroDisk Limited Lifetime Warranty**

MicroDisk guarantees its products to be free of defects in manufacturing and materials and to meet the specifications published on MicroDisk's website, for the period the individual product is owned and used by the original purchaser, except where prohibited by national or regional law. In areas where lifetime warranty is prohibited by law, the length of this warranty shall be the maximum period allowed by such laws. This warranty is valid only for the original purchaser, hereinafter referred to as "you", and is subject to the following conditions.

If you suspect that a MicroDisk product is defective, you will need to return the product in question to MicroDisk within the warranty period. Returned merchandise must be accompanied by proof of purchase and a Return Material Authorization (RMA) number.

You may obtain an RMA by visiting [www.micro-disk.com/rma](http://www.micro-disk.com/rma) and following the instructions.

Postage to deliver the product to MicroDisk, as well as proper packaging is your responsibility. MicroDisk recommends using a shipping method that allows tracking and confirmation of delivery. MicroDisk will not replace or issue reimbursement for returned products lost or damaged in shipment.

If the returned product is found to be defective, it will be repaired or replaced with an equivalent product, at MicroDisk's sole discretion. If the product cannot be replaced for any reason, the full purchase price will be refunded. Any product provided to you as a replacement for a defective product is guaranteed to be free of defects for a period of two years from the date of replacement. All terms and conditions of the original warranty apply except the length of the warranty period.

MicroDisk will not replace or issue refunds for products found to be damaged by the following:

- improper loading in any device
- installation in an incompatible device
- not following MicroDisk's product instructions
- attempted modification
- attempted repair
- incidental causes, such as fire or explosion

In addition, MicroDisk will not be liable for loss of images or other data, lost profit or revenue, or damage to equipment. This warranty is applicable only to the MicroDisk product.

MicroDisk's products are not intended for use in devices for life support or other applications in which device failure might cause injury or death. Accordingly, MicroDisk will not offer any compensation to parties involved in such events. This warranty represents MicroDisk's total liability. The amount of compensation will not, in any event, exceed the original purchase price of the product plus normal expenses incurred in claiming compensation. This is the single and only warranty offered by MicroDisk and any guarantees stated or implied by the seller are not endorsed by MicroDisk. Any claims or compensation associated with such guarantees are the sole responsibility of the seller.

The terms of this warranty may be limited by national, state or local laws. You may also have other rights as stipulated under such laws. Familiarity with these laws and your rights is your responsibility.

This warranty does not apply to products sold or acquired in any manner that violates national, state or local laws.
